Request Type & Purpose: Additional Documentation Required and Request for Medical Records

Dear Medicare Provider/Supplier,

In accordance with §§ 1874A(h)(4) and 1893(h)(1) and (3) of the Social Security Act, the Centers for Medicare & Medicaid Services (CMS) has retained Performant Recovery, Inc. (Performant) as the Recovery Audit Contractor (RAC) to carry out the Recovery Audit Program in your region. The RAC may reopen and revise the initial determination or redetermination made on a claim within 4 years from the date of the initial determination or redetermination upon establishing good cause. Good cause may be established when there is new and material evidence that was not available or known at the time of the determination or decision; and may result in a different conclusion; or the evidence that was considered in making the determination or decision clearly shows on its face that an obvious error was made at the time of the determination or decision. Good cause for reopening a claim may include but is not limited to OIG report findings, data analysis findings, comparative billing analysis, etc. Reopenings of initial claim determinations by Medicare contractors are addressed in the following Medicare legal and regulatory documents: Social Security Act (SSA), §§ 1869(b)(1)(G) and 1893(f)(7), 42 CFR 405.926, 42 CFR 405.980, 42 CFR 405.982, 42 CFR 405.984, 42 CFR 405.986, the Medicare Claims Processing Manual, CMS Pub. 100-04, Chapter 34, Sections 10.6.1 and 10.11, and Medicare Program Integrity Manual, CMS Pub 100-08, Chapter 3, Section 3.5.1.

CMS continually strives to reduce the improper payment of Medicare claims. The Recovery Audit Program, mandated by Congress, has been developed to assist in accomplishing this goal. Our mission is to identify and correct Medicare improper payments through the efficient detection and collection of overpayments made on claims of health care services provided to Medicare beneficiaries, and the identification of underpayments to providers so that the CMS can implement actions that will prevent future improper payments in all 50 states. If an underpayment or overpayment is identified, there is a 30-day Discussion Period in which a request may be submitted to the RAC for the opportunity to discuss the results and provide additional information to support the original payment. Additional information about the program, regulations, and RACs can be found at the following:

CMS RAC website link: https://www.cms.gov/Research-Statistics-Data-and-Systems/Monitoring-Programs/Medicare-FFS-Compliance-Programs/Recovery-Audit-Program

CMS has established a new maximum number of medical records that can be requested from a provider per 45 day period. CMS reserves the right to establish a different record limit when directing the Recovery Auditors to conduct reviews of specific topics or providers.

Please consult the following CMS links regarding ADR limit determinations based on provider types:

CMS often receives referrals of potential improper payments from the MACs, UPICs, and Federal investigative agencies (e.g., OIG, DOJ). At CMS discretion, CMS may require the RAC to review claims, based on these referrals. These CMS-Required RAC reviews are conducted outside of the established ADR limits.

The maximum number of medical records that may be requested with the exception of CMS-Required Reviews, from you per 45 days is:

INST:

Bill Type	ADR Limit	Bill Type	ADR Limit	Bill Type	ADR Limit	Bill Type	ADR Limit	Bill Type	ADR Limit	Bill Type	ADR Limit
11X	2	12X	0	13X	1	14X	7	15X	0	16X	5
17X	16	18X	0	19X	18	20X	1	21X	9	22X	10
23X	0										

PHYS:

Bill Type	ADR Limit	Bill Type	ADR Limit
11X	10	PHYS	8

Beginning January 1, 2019, providers whose ADR "cycle" limit is zero, even though their "annual" ADR limit is greater than one (e.g. 1, 2, 3, or 4), will have their ADR cycle limit set at one (1) additional documentation request per 45 days, until their "annual" ADR limit has been reached. The maximum number of medical records that may be requested from you in this calendar year for below Bill Types & Policy Groups is:

Policy Group	Annual ADR Limit
180	4

Bill Type	Annual ADR Limits	Bill Type	Annual ADR Limits	Bill Type	Annual ADR Limits	Bill Type	Annual ADR Limits	Bill Type	Annual ADR Limits
11X	4	12x	3	13x	2	14x	1		

Reason for Selection:

Your RAC, Performant, is requesting additional documentation for the selected list of claims as part of a post-payment, complex review approved by CMS. Details regarding the issue(s) identified are listed in the Requested Claims attachment. As a reminder, the RAC may reopen and revise the initial determination or redetermination made on a claim within 4 years from the date of the initial determination or redetermination upon establishing good cause. Good cause may be established when there is new and material evidence that was not available or known at the time of the determination or decision; and may result in a different conclusion; or the evidence that was considered in making the determination or decision clearly shows on its face that an obvious error was made at the time of the determination or decision. Good cause for reopening a claim may include but is not limited to OIG report findings, data analysis findings, comparative billing analysis, etc.

Please refer to the enclosed Claim(s) and Issue(s) Selected for Review and Bar Code Sheet(s) for a list of selected claims.

Action: Additional Documentation

Federal law requires that providers/suppliers submit medical record documentation to support claims for Medicare services upon request. Providers/Suppliers are required to send supporting medical records to Performant. **Please note that providing medical records of Medicare patients to Performant does not violate the Health Insurance Portability and Accountability Act (HIPAA).** Patient authorization is not required to respond to this request.

An extension for the submission of additional documentation may be requested by contacting Performant's Customer Service via email or phone.

When: mm/dd/yyyy

Please provide the requested documentation or contact Performant to request an extension by mm/dd/yyyy. A response is still required by mm/dd/yyyy even if you are unable to locate the requested information. Providers may request at least one extension for the submission of additional documentation by contacting Customer Service via email at info@performantrac.com or phone (866) 201-0580.

Requests by Medicare contractors for provider's/supplier's provision of supporting documentation are addressed in the following Medicare legal and regulatory documents: 42 United States Code (USC), §§ 1320(c)(5)(a)(3) , 1395(ddd)(f)(4) and (7), 1395(g)(a), 1395(l)(e) Social Security Act §§ 1156, 1815(a), 1833(e) and 1893(f)(4) and (7) and Medicare Program Integrity Manual, Ch. 3, § 3.2.3.

When the review is complete, you will be notified of the results. Performant's goal is to complete the review and deliver the results to providers/suppliers within 30 days of receipt of all medical records needed for the review.

Consequences:

An improper payment (overpayment) will be determined in instances where the provider/supplier fails to send the requested documentation or contact Performant to request an extension by mm/dd/yyyy. After the claim determination has been made, providers/suppliers will receive a Review Results Letter. Providers/Suppliers who wish to discuss the determination may request to do so within 30 days from the date of the Review Results Letter by completing a Discussion Period Request Form found on Performant's website at https://performantrac.com/sample-documents/ . The completed form may be submitted by fax to (833) 366-6118 or mail to Performant. Once the 30-day Discussion Period has passed, these claims will be sent to your Medicare Administrative Contractor (MAC) to initiate claims adjustments or overpayment recoupment actions for these undocumented services.
